

Robert C. Brackett, CPA, ICVS, MM

Robert C. Brackett has served as president of Crandall & Brackett, Ltd., since 1991. He is active in professional organizations that provide training and standard setting for business valuers. He is a founding member and secretary general of the International Association of Certified Valuation Specialists (IACVS), the world's largest association of business valuers and fraud deterrence professionals (with more than 10,000 members in over 50 countries).

Mr. Brackett also serves on the Standards Committee and Collegiate Committee for the National Association of Certified Valuators and Analysts (NACVA, the U.S. charter of IACVS). He served on NACVA's Executive Advisory Board until 1996, when he was elected to chair the newly established Membership Board. Now past chairman, Mr. Brackett serves in the position of ambassador for NACVA. At the Illinois CPA Society, he served on various business valuation-related committees.

Mr. Brackett has authored and taught courses in business valuation theory and practice through the Illinois CPA Foundation, the American Institute of CPAs, IACVS, and NACVA. His professional credentials include the following:

Certificate of Educational Achievement in Business Valuations from the Illinois CPA Society, and the American Institute of Certified Public Accountants; as well as the Certified Valuation Analyst designation awarded by NACVA. He also maintains his CPA license, and has been awarded the Chartered Global Management Accountant (CGMA) designation by the AICPA.

Mr. Brackett conducts seminars on valuations and ownership issues for many professional associations and business groups, and writes articles for monthly trade publications.

In May of 1999, Mr. Brackett received the "Member Emeritus" award from NACVA. This designation has only been awarded four times in NACVA's 20 years of existence.

Mr. Brackett's background includes 10 years of general business consulting, five years as an operating nuclear engineer, and an undergraduate degree in industrial engineering. He is also a retired captain in the U.S. Navy Reserves, and is active in the direction of local community emergency planning and response.
